

RELATED LEARNING EXPERIENCE

BACHELOR OF SCIENCE IN NURSING: NCMA 211 RLE: COMMUNITY HEALTH NURSING 1 (INDIVIDUAL AND FAMILY)

RLE MODULE	RLE UNIT	WEEK
3	1	3
Primary Health Care: Universal Health Care		

CHECK LIST

- ✓ Read course and laboratory unit objectives
- ✓ Read study guide prior to class attendance
- ✓ Read required learning resources; refer to course unit terminologies for jargons
- ✓ Participate in weekly discussion board (Canvas)
- ✓ Answer and submit course unit tasks

UNIT EXPECTED OUTCOMES (UEOs)

At the end of this unit, the students are expected to:

1. Assume responsibility for lifelong learning, own personal development, and maintenance of competence.
2. Integrate relevant principles of social, physical, natural plus health sciences and humanities in a given individual or family health needs.

RESOURCES

Computer device or smartphone with internet access (at least 54 kbps; average data subscription will suffice)

RLE GUIDE

To facilitate the practice of students' web navigation skills, the following rules must be implemented:

1. The use of search engines (e.g. Google, Yahoo) are allowed.
2. Use navigation techniques as mentioned in the required readings.
3. Students must submit this accomplished worksheet through Canvas upload.

RLE TASKS

CASE SCENARIO:

Health is everyone's right. As future nurses of the country what is your take on the implementation of the universal health care (UHC) in the coming years. Watch the video on the link <https://www.youtube.com/watch?v=yte-uzCaXOo> and answer the following the questions below:

1. State the question/scenario raised by the host (female doctor) and discuss your insight as a nurse on the questions/scenario posted by the host at the following timeline of the video **20:00-20:29, 21:30-22:19, and 23:00-23:20**
2. What do you think is your role as a public health nurse (PHN) in the implementation of the PHC-UHC?
3. If applicable, should nurses/PHN undergo specialize training in relation to the implementation of UHC?
4. What is the role of the PHN in the individualized and population based health needs?

Watch the video in this link <https://www.youtube.com/watch?v=T5T9vAG16JA> and answer the following questions:

1. Identify and state the issue/s discussed in the video with the corresponding timeline of the video.
2. How do these issue/s will affect the nurses in the community?

Instructions:

- Create a Visual presentation (PowerPoint) on the given scenario/questions.
-

-
- One Group will be chosen to present during synchronous class via zoom meeting for a maximum of 45 minutes.
 - Submit your PowerPoint presentation through canvas upload in the assignment submission tab provided.
