

**OUR LADY OF FATIMA UNIVERSITY**  
**College of Nursing – Valenzuela**

<b>PROGRAM</b>	<b>Bachelor of Science in Nursing</b>	<b>STUDENT NAME</b>	
<b>COURSE</b>	<b>NCM 101</b>	<b>YEAR AND SECTION</b>	
		<b>INSTRUCTOR</b>	
		<b>DATE</b>	

**PROCEDURE : BAG TECHNIQUE**

**EXPECTED OUTCOME : The student should be able to perform bag technique correctly**

**ASSESSMENT TASK : Return Demonstration**

<b>Assessment Dimension</b>	<b>Exceptional (3)</b>	<b>Good (2)</b>	<b>Average (1)</b>	<b>Poor (0)</b>	<b>SCORE</b>
1. Establish rapport to the family to gain cooperation	Introduced self to client and rapport is established	Introduced self to client and conduct direct interview	Conduct interview	Do not introduce self and did not establish rapport to client	
2. Identify the client and explain the procedure	Explained the procedure to the client and significant others clearly	Explained the procedure but lacks details	Explained the procedure but in an unclear manner	Failed to explain the procedure	
3. Take client's health history.	Demonstrated the procedures with ease	Demonstrated the procedure with little errors	Demonstrated the procedure with some errors	Failed to perform the procedure	
4. Lay paper on flat surface of table, chest or box. If none use the floor. Place the bag on the left side of the paper lining.	Demonstrated the procedures with ease	Demonstrated the procedure with little errors	Demonstrated the procedure with some errors	Failed to perform the procedure	
5. Open the bag and take out the towel and soap	Demonstrated the procedures with ease	Demonstrated the procedure with little errors	Demonstrated the procedure with some errors	Failed to perform the procedure	
6. Wash hands using pouring method instead of running water.	Demonstrated the procedures with ease	Demonstrated the procedure with little errors	Demonstrated the procedure with some errors	Failed to perform the procedure	
7. Remove apron from the bag and put it on. Observe proper technique.	Performed the procedure accurately with evident ease without supervision	Performed but needs minimal supervision	Performed with slight difficulty, needs supervision most of the time	Failed to perform the procedure	
8. Remove from the bag all materials needed for the care. Close the bag.	Performed the procedure accurately with evident ease without supervision	Performed but needs minimal supervision	Performed with slight difficulty, needs supervision most of the time	Failed to perform the procedure	

9. After performing the care, wash all materials used. Dispose soiled materials.	Performed the procedure accurately with evident ease without supervision	Performed but needs minimal supervision	Performed with slight difficulty, needs supervision most of the time	Failed to perform the procedure	
10. Do handwashing.	Performed the procedure accurately with evident ease without supervision	Performed but needs minimal supervision	Performed with slight difficulty, needs supervision most of the time	Failed to perform the procedure	
11. Return all materials in their proper place in the bag. Take off apron and fold properly. Put it back again in the bag.	Performed the procedure accurately with evident ease without supervision	Performed but needs minimal supervision	Performed with slight difficulty, needs supervision most of the time	Failed to perform the procedure	
12. Close the bag. Get the bag.	Washed hands and documented the information about the procedure properly and completely.	Washed hands and some of the details of procedure were not documented.	Washed hands but most of the details of the procedure were not documented	Washed hands but documentation was not done.	
13. Get the paper lining. Fold it and dispose.	Performed the procedure accurately with evident ease without supervision	Performed but needs minimal supervision	Performed with slight difficulty, needs supervision most of the time	Failed to perform the procedure	
14. Record the visit accurately	Demonstrated the procedures with ease	Demonstrated the procedure with little errors	Demonstrated the procedure with some errors	Failed to perform the procedure	

OVERALL SCORE: \_\_\_\_\_

**Target raw score: 32 out of 42. If raw score is less than 32, repeat the demonstration.**
